

EQUITA COMMUNITY LIVING

Part of Equitas Medicare Group

Cromwell House

Cromwell Avenue, New Malden, KT3 6DL

About Us

At Equita Community Living, we are passionate about empowering the people we support with empathy, dignity and the right expertise, always striving for excellence in what we do.

Our Supported Living Services

Our supported living services provide a safe and empowering environment as a stepping stone between hospital settings and independent living. Our staff support residents in reaching their potential. Our approach supports residents to gain skills and autonomy to make safe and positive choices about their lives.

Cromwell House

New Malden

Cromwell House is a modern, newly refurbished house with four en-suite bedrooms and a shared living and dining area. Cromwell House supports people with autism and/or learning disabilities.

The house is located in the centre of the community with great links to:

- shops
- the local leisure centre
- a local college

We are working with local organisations to expand opportunities for the people we support in Cromwell House such as:

- work opportunities
- swimming sessions
- pottery classes
- and more.

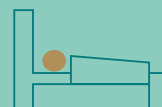

Cromwell House is also close to parks and open spaces for residents to enjoy. With good travel links, residents can easily access Kingston, Wimbledon and Sutton.

To make a referral:

Facilities include

Four en-suite bedrooms

Shared living and dining area

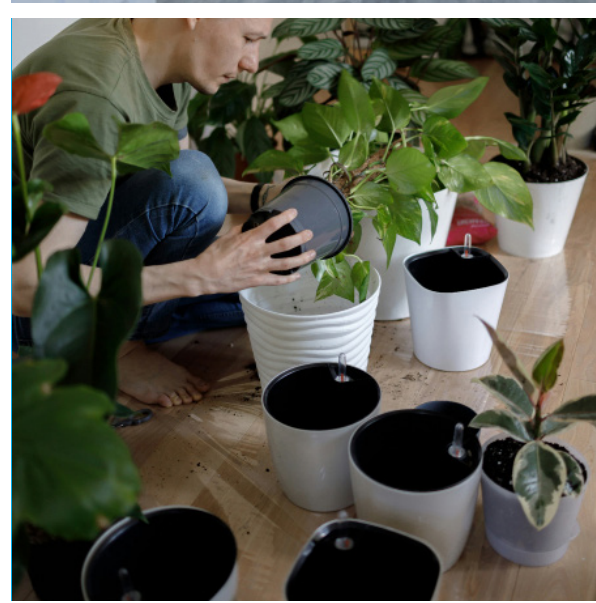

Kitchen

Garden

People we support at Cromwell House

Residents living at Cromwell House are supported by highly trained and qualified staff. This will enable us to build rapport, understand their needs, and work with them in developing their skills for independence.

People with neurodivergence, learning disabilities, and/or autism.

Highly trained and qualified staff supporting residents - day and night

Promoting tailored care and autonomy to help residents' achieve their respective target milestones.

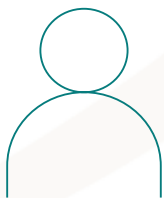

People who require a longer-term, safe and homely environment, with sessional therapeutic input.

A Caring Expert Team

Our induction process, as well as our learning & development plan for staff, ensures that residents' needs can be supported. Staff are trained to promote residents' individuality, independence, choice, privacy, dignity, and respect for other residents. We have good governance frameworks in place to ensure we listen to the residents' views and staff deliver high-quality support.

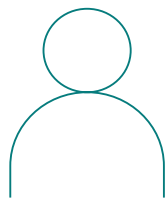

Our Team:

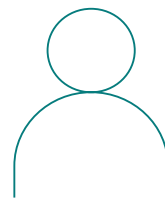

Operations Director

Service Manager

Senior Support
Worker

Consultant
Registered Nurse

Based on individual need, Cromwell House can also offer sessional specialists, including:

Speech and Language
Therapist (SALT)

Behavioural Specialist

Psychologist

Counselling and
specialist therapy
(such as for Eating
Disorders)

“At Cromwell House, we believe that every person has the right to live with dignity, respect, and independence. Our mission is to create a supportive environment that empowers our residents to take control of their lives and futures.”

Dr Kirupa Mohanaraj,
Co-Founder and COO of Equitas Medicare Group
